Uppsala
2021-02-15

It is hereby certified that Anna Bronzoni Catellani has held several lectures and workshops on technical art history and art diagnostics for the Master course "Art, Context and Display in Renaissance and Baroque Italy" (15 credits) at Uppsala University, from 2016 to 2019 (due to the pandemic these presentations have been cancelled 2020 and 2021).

Her deep knowledge and enthusiasm for the topic have been very appreciated among the Master students and these lectures and workshops have played an important role in the Master course and in Master Programme in Digital Art History at Uppsala University.

Sincerely

Associate Professor Johan Eriksson
Programme Director of the Master's Programme in Digital Art History
LMS Coordinator Uppsala University
